METROPOLIS APPOINTS NEW PLANT MANAGER

Honeywell has announced that Mr. Larry Smith has been appointed to the position of Plant Manager of the Metropolis Works in Metropolis, Illinois, effective January 1, 2010. The Metropolis plant provides U_3O_8 to UF_6 conversion services through ConverDyn to nuclear utilities worldwide. Mr. Smith's career profile includes various chemical and petrochemical operations, maintenance, and engineering leadership roles with Air Products, Amerada Hess, Nabisco Brands and Union Carbide. His most recent position was Vice President, Integrated Supply Chain for UOP, in which he served since 2007 after joining Honeywell from Air Products. He received his mechanical engineering degree from Grove City College and completed the Executive Manufacturing Program at the University of Michigan.
